# 7<sup>th</sup> European Workshop

The 7th European Workshop, under the theme „**ROUTE 2020**“ - **STEP BY STEP TO THE FUTURE – PART 3**, The use of New Media to attract new members, took place in Smolenice, Slovakia, during the days 3-8 March. We had 32 people from countries such as: Austria, Belgium, Czech Republic, Finland, Germany, Greece, Ireland, The Netherlands, Norway, Poland, Slovakia Spain and Sweden.

The workshop had a lot of group workshops and presentations, where topics such as how to advertise ISGF, how to communicate and how to improve / keep Membership in ISGF.

This workshop showed us the differences between the represented countries as well as aspects on which all should continue working on.

Debates and laughs were always present in this event. As well as music and dance as we had the presence of a cultural and folk group from Slovakia.

In conclusion, we should take in consideration all the aspects regarding the need of transmitting the history of ISGF to our own fellowship in order to get our members interested and to know that they are part of a big family all around the world. And we must not forget as B-P once said “Scouting and Guiding is not only a game for children, it’s also a way of life for adults”.
