Introduction

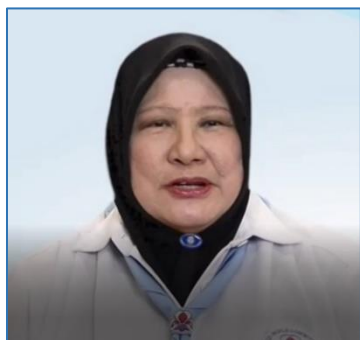

Due to constraints on travel world-wide resulting from the COVID 19 pandemic, which commenced in 2020, the Conference was held virtually with the platform party and a small team based in Brussels. During the Conference only urgent official business was presented.

Opening of the World Conference

Zalillah Mohd Taib, World Committee Chairman, opens the work of the conference by welcoming warmly all the participants with a video speech :

Zalillah :

“Dear World Committee, Regional and Subregional Committees, guests, Fellowships and Central Branch members from near and far: Good morning, good afternoon, and good evening! WELCOME!

Before I start, I would like to borrow your hands to welcome our new Central Branch group candidates and countries that have worked very hard to become NSGF. It is my great pleasure to welcome you to the ISGF’s 29th and first ever virtual online World Conference. It wasn’t an easy decision and I am glad that the World Committee worked hard as a team to face all the challenges we met along the way. Particularly Wahid Labidi, our vicechair who led the World Conference team and NSGF Spain who put in so much effort for the supposed physical World Conference in Madrid, Spain.

I am grateful to our committee member Elín Richards & ex-officio Leny Doelman who volunteered themselves to cover our Secretary General, Nathalie Henrard when she was on maternity leaves. Without the two of them, many things won’t be able to run smoothly.

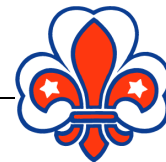

I would also like to take this opportunity to thank NSGFs who extended their helping hands and suggestions to help us with the World Conference. Unfortunately, we were not able to take them all as we have many other considerations. All of us had gone through two very tough years! Most of us were or are still affected by the COVID-19 pandemic. The ISGF World Committee and World Bureau too can’t run away from this unwelcomed pandemic, we faced financial and many other challenges just like all of you. I am sure you have already read from the circulars that sent out by the World Bureau. I seek for your active participation in all the conference sessions with suggestions and feedback. Despite all the challenges we faced, I witnessed the unstoppable force of perseverance from all of you to get through this challenging time.

Most of us indeed preferred to have a face-to-face conference where we could have discussions, updates and share endless laughter together. But the reality hit us hard, there is nothing much we can do about it as there are too many travel restrictions from different countries and of course our lives are precious. We do not want to expose your lives to unnecessary risk.

We had received resolution on environment, lastly a proposition from Norway supported by Sweden and Finland to organize working groups during the 30th conference in 2024 to discuss environmental matters. The topic is sufficiently important to prepare the work of the 30th Conference between now and the conference. I will propose to the World Committee after this conference to create a correspondence group for this preparation.

With that, I would like to inform you that NSGF Spain has accepted our offer to be the host for the 30th ISGF World Conference.

Lastly, I would like to say a big THANK YOU to all our NSGFs, without your endless support, the movement would not have been able to come this far. So let us continue to walk hand-in-hand to a brighter future and keep thriving! Thank you.!”

Zalillah declares the World Conference is open and gives the floor to the platform party located in Brussels, in Belgium. The members of the panel are from left to right :

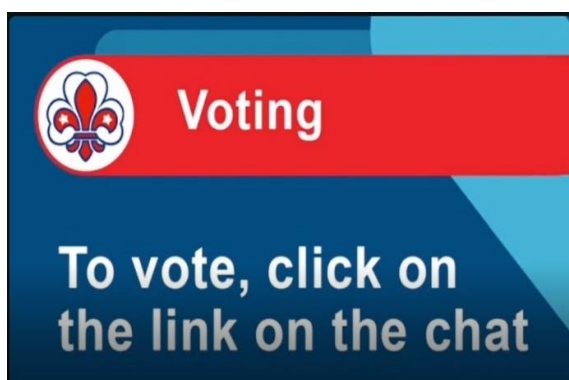

Nathalie Henrard (Secretary General, Belgium)
Martine Lévy (proposed to be WConf Chair, France)
Cécile Bellet (proposed to be WConf Vice-Chair, Belgium)

There was tribute to ISGF “gone home” members and a minute of silence observed in their memory:

Voting system for the World Conference online

The Rules of Procedure have been adapted for the virtual Conference. The voting is done with online voting forms. Delegates must click on the link that appears in the chat to receive the voting form. In the voting forms there are three choices: in favour, against or abstain. Once the choice has been made it cannot be changed. For the election of World Committee members, delegates (full member countries) can vote with 3 votes and only use one vote for each candidate they wish to vote for.

Before each vote the participants are reminded who can vote by the Secretary General. On each day the conference was quorate as there were more than 50% +1 of the Member Countries present (Saturday 26th February 2022 the number present was 44 = 22 + 1 = 23 for a simple majority and on Sunday 27th February 2022 the number was 50 = 25 + 1 = 26 for a simple majority).

Martine Levy, World Conference Chairman, welcomes everyone and draws attention to the unfortunate situation during which this World Conference is held, where Ukraine is being at war with Russia. She reminds everyone of Baden Powell's quote : "A scout is a friend to all and is a brother to every other Scout" and urges all the participants to think of them deeply and fraternally. She starts her speech " It is a honour to have been asked by the World Committee to chair this conference and thank you all for voting. Let me introduce our Vice-Chairman, Cécile Bellet (former secretary general) and Nathalie Henrard, our new secretary general, you may not have met her yet but you will meet her later next time. Thanks to them for helping me in this World Conference. My thanks go to everyone involved with the 29th World Conference, and especially all NSGF's for accepting all the changes that have come about as a result of the pandemic, and I hope you enjoy the new way of working ! "

Constitution and bye-laws

Current text	As amended
	<p>PREAMBLE: ISGF was founded on 25th October 1953 in Lucerne, (Switzerland) under the name of the International Fellowship of Former Scouts and Guides (IFOFSAG) and was established following resolutions from the World Association of Girl Guides and Girl Scouts (WAGGGS) and the World Organisation of the Scout Movement (WOSM) at their respective World Conferences held during that year 1953. Then, in 1996 IFOFSAG changed its name to International Scout and Guide Fellowship (ISGF): an "organisation for adults." The present Constitution governs the operation of the International Scout and Guide Fellowship (ISGF) in a kindred spirit of world cooperation and friendship following the legacy of Lord Robert BadenPowell, 1st Baron Baden-Powell of Gilwell.</p>

It will also provide evidence of the relationship with members of WOSM and WAGGGS in the country, where they exist, and the way support is provided to the members.</p>

New ISGF members

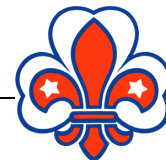

The candidates for ISGF membership presented their respective organization and activities in circulars sent before the World Conference. Following these presentations, the World Conference endorses the ISGF membership applications and grants Full Membership to:

Angola, [link to the Presentation](#)
Argentina, [link to the Presentation](#)
Chile, [link to the Presentation](#)
Guatemala, [link to the Presentation](#)
Palestine, [link to the Presentation](#)
Trinidad & Tobago, [link to the Presentation](#)
Venezuela, [link to the Presentation](#)

And associate membership to :

Brazil, [link to the Presentation](#)
Netherlands, [link to the Presentation](#)
Peru, [link to the Presentation](#)
South Korea, [link to the Presentation](#)
Suriname, [link to the Presentation](#)

All countries received the official certificate of membership by email or postmail.

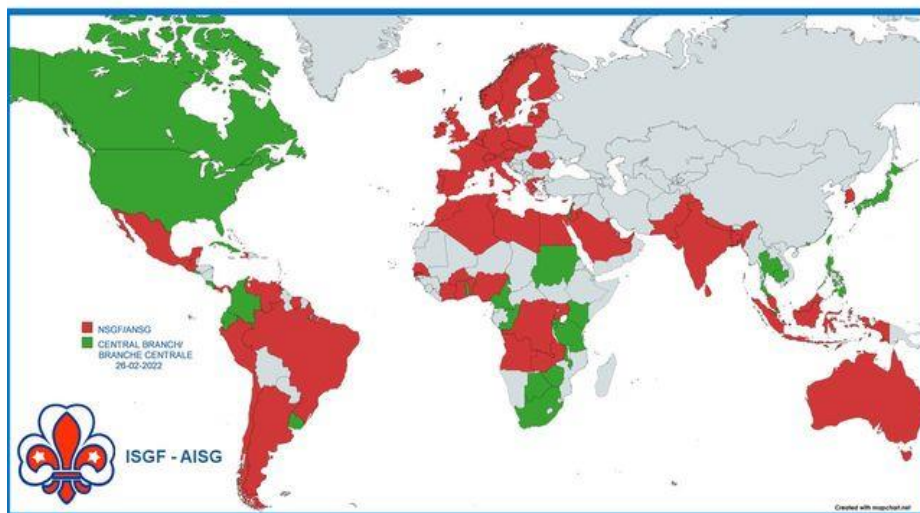

Turkey Cancellation

Wahid Labidi, World Committee member, informs participants of the current situation. According to the report presented before the WConf, the World Committee suspended Turkey NSGF's membership and wrote "if Turkey NSGF does not present its resignation, the World Committee will propose its cancellation during the World Conference." After the sending of the letter, Turkey NSGF presented its resignation, therefore the cancellation is no longer relevant to the agenda. Wahid adds that the conference should note the immediate resignation of Turkey NSGF from ISGF membership.

Loss of membership

Martine informs the participants of the resignation of Hungary NSGF. She deeply regrets the situation but hopes one day Hungary will be back at ISGF.

The World Committee election

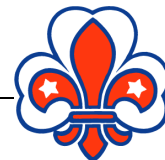

On the 26th February, there were four (4) candidates : Akram Zribi (Tunisia), Ana Rodrigues (Portugal), Prosper Bani (Ghana), Vanessa Hoogenbergen (Curacao) were standing for election to the ISGF World Committee. Each candidate has the opportunity to introduce themselves to the World Conference focusing on their background and their objectives by a video presentation.

The WConf elects three (3) members for a five (5) years term, 2022-2027 :

- Ana Rodrigues (Portugal);
- Prosper Bani (Ghana);
- Vanessa Hoogenbergen (Curacao)

On the 27th February, Martine announces that the ISGF World Committee 2022-2024 is now composed of: Elin Richards (Iceland), Chairman; Ana Rodrigues (Portugal) Vice Chair; Vanessa Hoogenbergen (Curacao) Vice-Chair; Prosper Bani (Ghana), member; Puan Sri Zalillah Mohd Taib (Malaysia), member; Mario Bertagnolio (Italy), member.

The Host of the 30th ISGF World Conference

Martine explains that in order to honour the work done during the previous years by Spain NSGF to hold the 29th World Conference in Madrid, Spain, the World Committee decided to have Spain NSGF as the host of the 30th ISGF World Conference.

Finances

As there were no substantial changes in the expenses and revenues we apply the tradition i.e. follow the increased indexation in Belgium in accordance with the Belgium Consumer Price index. The results are then with an increase of 11%:

Category A will raise from €2,26 to €2,51

Category B will raise from €1,51 to €1,68

Category C will raise from €0,75 to €0,83

The membership fees are the only income of the ISGF and without some personal initiatives and sponsoring of ISGF representatives, it could not have been possible to further tangible links, interactions and cooperation with members and partners at the local, national and international levels.

The ISGF World Committee, represented by Runar Bakke (Norway), as the head of the finance team, reports on the inability for ISGF to present its accounts for 2018, 2019, 2020 and 2021 in time during the World Conference and gives some challenges regarding resources and finances.

The situation for the World Committee and ISGF has been difficult and challenging from 2018. Runar underlines the following points which are important to have in mind:

- In 2018 we had a change in the position of Secretary General. We had this position open for some months and then some time for training the new Secretary General (SG). This showed how vulnerable ISGF is the matter of continuity. Our SG also has two periods of maternity leave (congratulations to Nathalie on the birth of daughter and a son) which also gave some challenges.
- In 2020 we had to leave our office and find new facilities. Our SG has found a good solution for the time being.
- The WCom has not been physically gathered all six members since the first meeting on Bali. The use of video links is useful but we have missed the discussions face to face.
- Covid 19 made the situation both for the SG and the WCom difficult. Especially for the treasurer situation it could be useful to go to Brussels to find a solution.
- Since 2017 the WCom and WB has no overview of the financial situation missing the balance sheets for the fiscal years 2018 – 2019 - 2020. For these years no budget has been made for the year 2019 – 2020 - 2021. After some efforts and in cooperation with the treasurer, the SG now has access to look into the bank accounts.
- In addition to all these items the WCom was informed during the WCom meeting in March 2020 about the formal construction of ISGF linked to Belgian legislation. This organisation is named *a.i.s.b.I Amitié Internationale Scoute et Guide* and has a board of three members (president, secretary, treasurer) of which one must be a Belgian citizen. This Belgian citizen is for the time being our treasurer. It is challenging to reconstruct this organisation.

Based on this situation WCom found it difficult to produce financial information for the years 2018 – 2019 – 2020 and the necessary budget for the years to come. To do this we would need information from the accounts for these years.

The challenges of ISGF

ISGF might be at an essential turning point where some fundamental decisions must be taken. The following two items has to be solved:

1. Continuity at the World Bureau

For many years ISGF Secretary General has been in a part time employment. This has worked very well for years. During the latest years we have experienced challenges, not with the persons, but with this situation. We have experienced vacancies in this position when the SG resigned and when the SG had maternity leaves. These situations will happen again – perhaps not with the present person. Sickness might happen, accidents as well and we must be prepared that the SG might find another position. What we have experienced since 2018 is that in these periods of vacancies members of the WCom had to step in. For the future it is impossible to solve these challenges on a voluntary basis. These personnel have not the necessary overview of the administrative system at the World Bureau and not updated on the situation at any time.

It is therefore critical to increase the manning at WB with one person on a half time basis.

2. The treasurer situation.

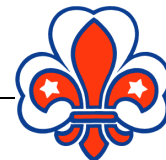

The other critical situation is about the treasurer. In fact there are several challenges:

- a. Accounting as a regular activity
- b. The role in AISG as administrator
- c. The treasurer of ISGF World Committee

Item b. and c. should be solved by volunteers. Item b. must be a Belgian citizen and item c. can be a member of WCom or a former member of the WCom.

Item a. has so far been solved by a volunteer for many years and in an excellent way. In the present situation it seems necessary to consider alternatives. WCom has tried to find a volunteer with no success so far. Another option is to buy these services from a professional company. The WCom does not know the rates of these services and we do not have the authority to order these services because this is the privilege of the present treasurer. Nevertheless this is probably the only way to solve this problem on a permanent basis.

Back to the panel, NSGFs are sharing their questions and comments on the chat. As the Secretary general has not the authority to take a decision regarding the input of the NSGF, the Secretary General proposes to report the comments received on the platform to the new elected World Committee of ISGF during its first meeting.

Quadrennial report 2017-21

The Quadrennial report having been previously released to all ISGF Members ([quadrennial report - click here](#)), a video presentation ([link here](#)) is shown as a report of the tasks carried out between 2017 and 2022.

Closing of the World Conference

Elin Richards, as the new Chairman of the ISGF World Committee addresses her first speech to the WConf.

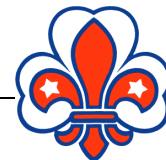

Elin :

“Dear all ISGF friends around the world, I thank you all for attending this 29th virtual World Conference .
I welcome the new members of World Committee Vanessa, Ana and Prosper and hope we all will be having a fruitful work in the tasks that awaits us in the next 2 years.
I do realize that ISGF has not been up to the best the last 4 years, there have been many challenges on our way, some we have managed to overcome and some not.
This new World Committee will be hand in hand looking for solutions and if any of you our friends in ISGF can guide us we accept that.

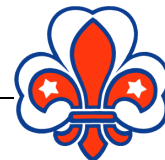

Our NSGF's could also be of more help if they give us the necessary feedback.
I express my gratitude for the leaving World Committee members Runar Bakke, Norway Wahid Labidi, Tunisia Mathius Lukwago, Uganda Working with you has been inspiring all the time. Also thank you to the World Conference team, Chairman and Vice Chairman of the Conference, the resolutions Committee, the ex - officio's and the event organizer QED.
Let's join hands virtually remembering: Once a scout, always a scout.
The 29th ISGF World Conference is closed.”
